All are welcome to join platform at 10:30 am this Sunday.

- **Platform Service, 10:30 am, Main Hall. "A Gift to Each Other: Our Presence," Bailey Whiteman, Music Director.** December 25: for some, it's a challenging day, with over-excited children, pets trying to eat the wrapping paper, an inner sense of sadness. For others, it's joyful, full of traditions and merriment. And for millions in the United States and around the world, it is just another day. Let's be present for each other, listen to stories, sing, and find connection. Join Bailey and member Tony Nam with musical support from Josh Blinder, for this multi-generational platform, as we share stories about our traditions, from the silly to the sublime.

other half of class the students did some work with Zentangle which is mindful/centering pattern doodle drawings.

Let me tell you, I have never, ever seen 18 children divided into two classes be so focused for that long, ever. The movement exercises allowed for the children to focus in on the Zentangles. It was amazing to watch and I think the children really enjoyed this double topic class this week.
